

Farm to School

MCINTOSH APPLES

- As you learned a few weeks ago, this apple originated in Canada. Bu the 1960's it made up 40% of the apples grown commercially nationwide
- In 1996 a study showed that the McIntosh apples was the parent to 101 of the varieties studied

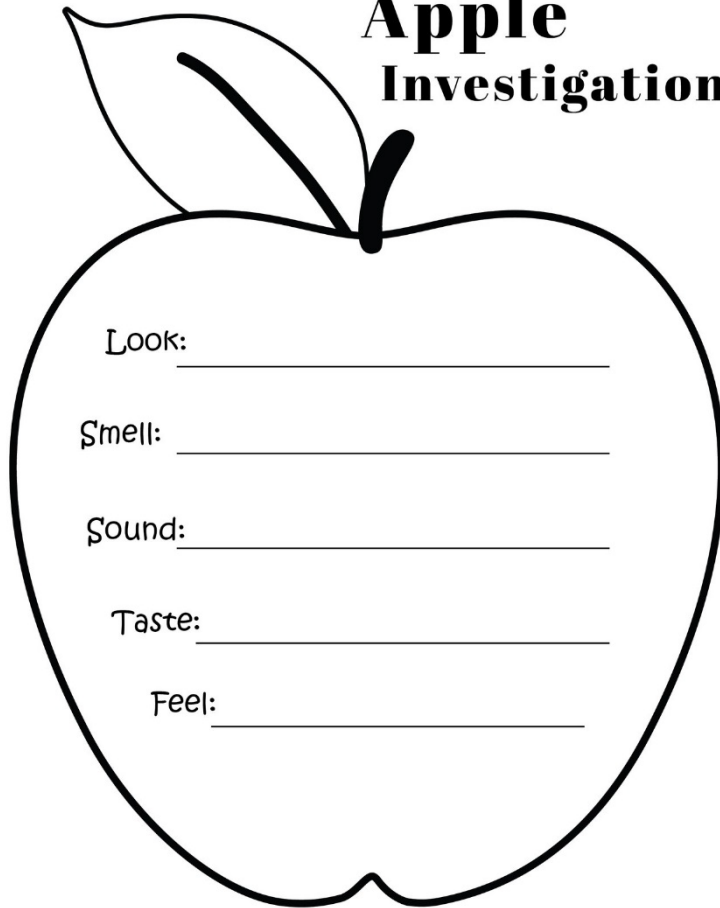

Your McIntosh Apples today were grown by:

Frecon Farms
in **Boyertown, PA**

Activities!

Apple Investigation

Apple Harvest Combinations of 10

Color the apples yellow that add up to 10
