PINK LADY APPLES

Fun Facts

In order to be qualified as a Pink Lady apple, fruit have to pass strict measures of quality control and receive a license to use the name. For example, the sugar content has to be at least 15% (pink ladies are a sweeter apple variety)

Your Pink Lady Apples today were grown by:

**Dickie Brothers Orchard
in Nelson County, Virginia**

Activities!

Apple blossoms: Observe the timeline below of an apple bud growing into an apple. Make an estimation of how long that process would take. Color in the drawings with your favorite color apples.
